

**- MEDIA RELEASE -**

## **A CHRISTMAS GIFT THAT WON'T COST THE EARTH**

Send a floral festive greeting to friends or family this year that won't cost the earth - exquisitely scented narcissi by post from Scent from the Islands.

Narcissi won't be seen springing from the hedgerows for a good few months but the mild climate of the Isles of Scilly, just 26 miles from mainland Cornwall, means that the perky little flowers are already in season to bring an early spring into homes throughout the country.

Unlike many other flowers available in the UK, narcissi are grown outdoors by Scent from the Islands and make a relatively short trip by boat and Royal Mail directly to the doorstep of customers without the need for thousands of unnecessary 'flower miles'.

Like little yellow clusters of stars Christmas narcissi will provide a stunning and fragrant display for up to 7 days, making them ideal for festive arrangements or simply presented in a vase to maximise sensory impact.

The perfect gift solution for that member of family or friend that has everything, Scent from the Islands posy packs start at £8.50 up to £17.50 for a pack of 60 stems, which will provide a stunning display of around 420 individual flower heads.

Order before 18<sup>th</sup> December for Christmas delivery from Scent from the Islands by phone 0845 345 1691 (all calls at local rate) or at [www.scillyflowers.co.uk](http://www.scillyflowers.co.uk)

## **Ends**

**24 November 2006**

## **Notes for editors**

### **Photo / product requests and competitions**
