

- MEDIA RELEASE -

SPREAD SOME JANUARY CHEER

Banish the January blues by bringing some springtime sunshine into the home. Make someone's day by sending them the floral equivalent of a sing-a-gram – a box of bright and cheerful scented narcissi by post from Scent from the Islands which is guaranteed to raise a smile and lift the spirits.

Delivered fresh to your door from the Isles of Scilly, the flowers can last up to seven days in the right conditions and will fill the home with the unmistakable heady narcissi scent that will transport your senses to a sun drenched sunny meadow and away from the grey, soggy and cold weather outside.

Send as a gift with a personalised message or make scented flowers from the Isles of Scilly your calorie free indulgence for the New Year. To order early narcissi from Scent from the Islands call 0845 345 1691 (all calls at local rate) or order online at

www.scillyflowers.co.uk

Ends

9 January 2007

Notes for editors
